

Aspiration. Resilience. Compassion.

Special Educational Needs

- If your child is being educated in a mainstream school you can use the resources we have made available in the Primary, and secondary Years 7 to 9 and the KS4 areas of our online learning offer <http://southamptonhospitalschool.co.uk/online-learning-offer/>.
- If your child has extra help in school with their learning, please contact our SENCo Jane Williams jane.williams@southamptonhospitalschool.co.uk who will be able to offer you specifically tailored strategies and resources to help to get the most out of the resources available.
- As part of our online learning offer we can also arrange at least two face to face sessions with you per week through Google Meet, Zoom or Teams.
- For those children who attend special schools please see the resource links below. We have differentiated these resources using the Oak National Academy distinctions of Early Development, Applying Learning and Building Understanding. They are available to students of all ages and abilities, so have a look and choose whatever you feel is the most appropriate for your child. Also included are links to some sensory circuit activities.
- ALN Home School has designed a site to help parents and carers of young people who have additional learning needs. Follow this link for a wealth of useful resources and apps <https://sites.google.com/bridgend.ac.uk/alnhomeschool>

**Focus: Communication and Language**
