

ACCEPTABLE USE OF IT POLICY

Southampton Hospital School

Digital technologies have become integral to the lives of children and young people, both within schools and outside school. These technologies are powerful tools, which open up new opportunities for everyone. These technologies can stimulate discussion, promote creativity and stimulate awareness of context to promote effective learning. People should have an entitlement to safe access at all times.

This Acceptable Use Policy is intended to ensure:

- That people will be responsible users and stay safe while using the internet and other digital technologies for educational, personal and recreational use.
- That school systems and users are protected from accidental or deliberate misuse that could put the security of the systems and users at risk.

The school will try to ensure that everyone has good access to digital technologies to enhance their learning and will, in return, expect them to agree to be responsible users.

Terms of Use

- **Responsibility:** School IT systems must be used in a responsible way, to ensure that there is no risk to your safety or to the safety and security of the IT systems and other users.
- **Monitoring:** The school will monitor use of the systems, devices and digital communications.
- **Vandalism:** Please report any cases of vandalism to the IT support team/School/Trust, and appropriate action will be taken by the school to recover any costs for loss or damage. In case of students vandalising any equipment, parents may potentially be asked to pay for any damaged equipment.
- **Personal Use:** The school systems and devices are primarily intended for educational use and you cannot use them for personal or recreational use unless you have permission.
- **Own Devices:** If allowed to use your own devices in school, you agree to follow the rules set out in this agreement, in the same way as if you were using school equipment.
- **Concerns:** If you have any concerns about the validity of an email (due to the risk of the attachment containing viruses or other harmful programmes), please inform the IT support team immediately.

School Specific Systems

Email

You will be provided with an email address by the School, and the expectation is that you will use this facility for legitimate educational and research activity. You are expected to use email in a responsible manner. The sending or receiving of messages which contain any material that is of a sexist, racist, unethical, illegal or likely to cause offence should not take place.

Remember when sending an email to:

- Be polite - never send or encourage others to send abusive messages.
- Use appropriate language - remember that you are a representative of the School on a global public system. What you say and do can be viewed by others. Never swear, use vulgarities or any other inappropriate language.
- Do not reveal any personal information about yourself or anyone else, especially home addresses, personal telephone numbers, usernames or passwords. Remember that electronic mail is not guaranteed to be private.
- Consider the file size of an attachment, files exceeding 1MByte in size are generally considered to be excessively large and you should consider using other methods to transfer such files.
- Do not download or open file attachments unless you are certain of both their content and origin. File attachments may contain viruses that may cause loss of data or damage to the School network

G Suite for Education

Students will have a G Suite for Education account created for them. G Suite for Education is a set of education productivity tools from Google including Gmail, Calendar, Docs, Classroom, and more used by tens of millions of communicate with their teachers, collaboratively create, edit and share files for school related projects. These services are entirely online and available 24/7 from any internet-connected computer.

Internet Services & Filtering

All Internet access is logged and actively monitored and logs are stored. Usage reports can and will be provided upon request.

The school uses a monitoring and filtering provision that will screen any unwarranted materials regardless of the internet provision being accessed. This means each device is monitored and reported on, even when offsite or whilst using 3rd party wifi/internet provision.

Any user repeatedly attempting to access inappropriate material will have their account locked and it will not be reopened until they have discussed the matter with the Headteacher.

Treatment of Equipment

The IT Services Team will endeavour to ensure all equipment is in working order. The school will not be responsible for any damages or loss incurred as a result of system faults, malfunctions or routine maintenance. These damages include loss of data as a result of delay, non-deliveries, mis-deliveries or service interruptions caused by the system or elements of the system, or your errors or omissions. Use of any information obtained via the school's ICT system is at your own risk.

Users are not to tamper with the connections to any of the school's ICT equipment, and should inform the IT Services Team of any faults. Any user who causes damage, either intentionally or through neglect, to any equipment may be refused the right to further use of the equipment and/or may be asked to cover costs towards any repairs or replacements.

If you suspect that equipment has any form of virus or malware, you must immediately discontinue use of the equipment and notify the Headteacher or school office.

Any equipment provided by the school remains the property of the school and should only be used in connection with the aims and objectives of the school and not for personal use. Personal data, programmes or information should not be stored on school equipment and the school reserves the right to remove such data.

Usage of school systems is subject to agreement to abide by this policy and any breach of the conditions will be dealt with in line with the school behaviour and/or disciplinary procedure:
